

Note: Allocations for districts in this report are based on preliminary estimated 2012 census information from the U.S. Department of Education. These estimated 2012 census poverty percentages do not include counts for foster children, neglected children, or children receiving TANF funds; in most cases, the inclusion of these counts at a later date will cause poverty percentages to increase slightly. Public school academies' equated census data is based on 2013-14 for these estimated allocations, since data for 2014-15 is not yet available. These estimated allocations will change, since they were calculated using preliminary data.
